

## **Amendments to Energy Performance of Buildings (England and Wales) Regulations 2012, April 2015**

No, this isn't a rushed through amendment following the DEC consultation, this was happening during the consultation. The other amendment has until the 26<sup>th</sup> March.

The April 2015 amendment will come into effect on 6<sup>th</sup> April 2015, increasing the Landmark lodgement fee for Non-Domestic Lodgements from £9.73 to £11.66. (The cost of Domestic lodgements has gone down by 3p).

We have been told that the increase reflects a review of forecast lodgement levels during the coming year.

If you would like to see the full details, the Statutory Instrument can be found [here](#).

With effect from the 6<sup>th</sup> April 2015 the cost of lodgement credits will rise from £34 + VAT to £36 + VAT. If you have an agreed discount for volume your current price will rise by £2 + VAT.

Whilst writing, can I take the opportunity to remind you of the interruption to the lodgement service on 26<sup>th</sup> - 29<sup>th</sup> March to facilitate the introduction of our new portal on 30<sup>th</sup> March. Please plan your lodgement activity to take account of this.

Kind regards,
